Canada's Needs

No. 4—Scientific Research

In the course of the several articles which have appeared in this column under the above general heading, some of Canada's needs have been enumerated and not only in the most general way but with any attempt being made to suggest ways and means of meeting and providing for those needs. Recently, however, a little pamphlet has been issued by the Honorary Advisory Council for Scientific and Industrial Research which merits the serious consideration of the Canadian people and is worthy of the widest possible circulation. It presents at least one very practical suggestion how some of the needs referred to more particularly in the fourth article of this series, can be met. It is, therefore, proposed to quote at some length from the pamphlet in connection with the article "Research and the Problem of Unemployment, Low Depression and National Finance in Canada."

"I am not a professional but I say this," declared a statesman now dead. "The safety of work varied on among the citizens of Canada should be as comprehensive as possible."

"Not because we are enabled to lose the number of our trades which would be more easily."

"Not merely because one country should be able to fill so many or possess of its own needs without having to ask foreign aid."

"Not merely because we should learn as soon as possible to furnish the material with which Canada is endowed—rather than continue our helplessness by asking foreigners to furnish them for us and giving them the wages and the profit on our raw materials."

"Not merely because one country should be able to produce what it needs for its own use, but also because it should be able to produce what it needs for the world."

"Not merely because Canada should learn to use its own resources and develop its own power, but also because it should be able to produce what it needs for the world."

"Not merely because Canada should learn to use its own resources and develop its own power, but also because it should be able to produce what it needs for the world."

"Not merely because Canada should learn to use its own resources and develop its own power, but also because it should be able to produce what it needs for the world."

"Not merely because Canada should learn to use its own resources and develop its own power, but also because it should be able to produce what it needs for the world."

Wireless Conference

Appointment of Canadians Is Now Deferred

The appointment of Canadian representatives to a technical conference on inter-imperial wireless stations probably will not be made immediately. It is understood, owing to the number of other pressing matters the government has on hand. The report of the wireless telegraph commission recommended Canadian representatives be named for such a conference.

Canada is expected to go ahead with its share of the proposals eventually.

One of the reasons for delaying action on the recommendation is understood to lie in the proposed amalgamation of the naval department with military and other departments of defence under one minister.

Plans for the amalgamation of the defence departments are expected to be completed in time to introduce a measure in the next parliament.

A Whale Story

Passenger Sees Liner Cut Big Whale

The story of a 22-foot whale, which was neatly cleaved in two by the prow of the Italian liner Presidente Wilson, was related by passengers when the vessel docked in New York. The President Wilson was sailing in mid-Atlantic when the whale was sighted lying directly in the path of the vessel. A hundred and fifty passengers lined the rails to see what would happen.

Passengers along the port rail heard a crash as the bow struck the whale, saw the water turn white and saw the whale cut in two. Those on the starboard rail experienced the same sensation—only they saw the tail fluke astern.

Banks in Canada

Since the signing of the armistice 1700 new branches have been opened by Canadian banks and 214 closed leaving the net increase 1528. Canadian banks have over 4700 branches at home and 200 in other countries.

Shortage of Oil

Says the U.S. Has Oil For Only Twenty Years

A canvass of the oil reserves of the country has convinced the United States Geological Survey that the available supply is only 9,500,000 barrels. This is enough to satisfy the present requirements of the country for only twenty years, provided the oil can be taken out of the ground as fast as it is now being used.

The experts of the survey estimate, however, that the oil cannot all be discovered, much less taken out, in that time. They are, therefore, of the opinion that the time is rapidly approaching when this country will have to depend more and more on foreign countries to obtain all the oil it needs. They warn the nation that it must avoid waste of oil and make an urgent push for the development of new methods for the extraction of every ounce of oil from the earth.

Local News.

Jack Richmond is taking treatment at Banff.

E. R. Pendleton, of Wetaskiwin, was in town on business Saturday. Geo. Dare left on Monday for the coast, where he expects to spend a couple of months.

W. R. McLaurin has been on the sick list the past week, but is now somewhat better.

Karl Kirkwood, of Edmonton, honored his Ponoka friends with a visit last week.

T. P. Baker was elected on the executive at the school trustees' convention, held in Edmonton last week.

Mr and Mrs K. Fystron and family of Millot, were visiting with friends in town on Thursday.

Harry Small is attending the Winnipeg hospital, having been chosen on a Calgary rink.

Miss Marian Sweet, a former student of the Ponoka high school, left for Vermilion, where she has been engaged as teacher in the Henderson school.

Norman Tucker, of Vermilion, who was a delegate to the U.F.A. convention, Calgary, spent the week-end here the guest of his sister, Mrs W. E. Aylwin, north of town.

Robt. White, organizer for the Orange order, gave a lecture in the town hall Friday evening. Notwithstanding the many contractions, there was a good attendance, and the lecture was much enjoyed.

The funeral of the late Horace Griffin took place on Saturday. Deceased, who was 25 years of age, was a returned soldier, and was held in high esteem by his friends. He was on the hospital staff for a time, but had to give up owing to illness.

Many old timers in Ponoka will regret to learn of the death of Sam Bernstein, which took place in Calgary on Tuesday, January 31st. Deceased resided here for a number of years, being employed on the section, and moved to Stettler, and from there to Calgary. He went overseas with the Canadian forces, but was invalided home, and was in the hospital practically ever since. Besides a wife he leaves four children to mourn his death. Mr and Mrs Goodman attended the funeral, Mrs Bernstein being the latter's sister.

Mrs C. S. Jones has received the very sad news of the death of her father, O. S. Dunham, which took place at his home in Bridgetown, N.S., on Friday. Mr Dunham was taken down with influenza, and passed away somewhat suddenly. Editor of the Bridgetown Monitor, he, accompanied by Mrs Dunham, made the trip to the coast last summer with the Press Association and spent several weeks here with their daughter while on the return journey. Deceased was well-known as a highly successful newspaper man, and had friends far and near who will regret his demise.

PONOKA, ALBERTA

Some snow and better sleighing. A good deal of hauling is being done on the sleighs.

Thursday, the 2nd, was ground bog day. The sun shone all day long, and of course there was no difficulty in seeing the shadow.

BECK.—On Monday, February 4, to Mr and Mrs Chris Beck, a daughter.

BENG.—On Saturday, January 25th, to Mr and Mrs Richard Beng, a daughter.

ELOFSON.—On Friday, January 27, to Mr and Mrs L. E. Elofson, a daughter.

TRUMAN.—On Thursday, Jan. 26th, to Mr and Mrs Harry Truman, a son.

Joe Vansickle, of Rimby, was in town the other day fitting out for a hunting expedition. He is one of a party who are going out to the head waters of the Brazeau River for a month or two.

We are moving into the middle of February, and no complaining about the weather. A cold snap lasts for about a couple of days and then passes and is forgotten.

There was a large delegation from these parts at the school trustees' convention, held in Edmonton last week. From an oratorical point the meeting was a pronounced success.

A very enjoyable old-time dance was held in the town hall on Wednesday evening, February 1st. The attendance was large, and the company of the best. Supper was served at midnight, and the company broke up looking forward to another such night at no distant date.

The Trail Ranzers paid a visit to Lacombe on Thursday last and tried conclusions with the Lacombe boys at hockey. The game was strenuously contested throughout. Lacombe gained a lead of two goals in the first two periods. In the third Ponoka equalized, and looked like winners, but in the last minutes of play Lacombe scored again, the result being Lacombe 3, Ponoka 2.

Mrs Mary Craig, of Delburne, formerly of Rimby and Bluff Centre, died in the Holy Cross hospital, Calgary, on January 17. The remains were shipped to Rimby, and a funeral service held in the Methodist church, interment taking place in the Rimby cemetery. In the death of Mrs Craig the west country has lost a kindly friend, who was ever ready to assist the needy. Many a poor household enjoyed her hospitality in the early days, and the Bluff Centre post office was always a haven, not only for the wayfarer, but also for the many young men who took up land and had to endure the privations of the pioneer. For the past few years Mrs Craig has made her home with her daughter in Delburne.

Sunday, Feb. 11, 11 a.m. — Ponoka Divines Service at 11 a.m., Sunday School at 12 a.m., Ponoka, Sunday School at 11 a.m., evening worship at 7:30. A visiting pastor will conduct the services. We earnestly and with all confidence call upon all our members and friends to rally around the work during the illness of the pastor.

The Wednesday evening conference conducted by Bro. Good was. Feel it your duty to be there.

Choir practice on Friday evening at 8. Will all members please endeavor to be present.

METHODIST

Sunday, Feb. 11, 11 a.m. and 7:30 p.m. Rev. John L. Rogers, of Lacombe, will preach at both morning and evening services. A hearty invitation is given to all.

Choir practice on Friday — Girls at 7:30, regular at 8.

Trail Rangers will meet in town hall on Thursday at 7:30.

Look out for Father and Son service on Sunday, Feb. 11th. All boys and their data expected.

BEUSELINCK-MARTIN

A quiet wedding was solemnized at home of the groom's mother on Saturday, Feb. 4th, at 11 a.m., when Miss Beaulieu Martin was united in marriage to Mr. Morris Beuselink. The bride was accompanied by her sister, Miss Martin. Mr. Beuselink, Mr. Leon Beuselink supported the groom. Rev. Mr. Bishop performed the ceremony. The happy couple will make their home in the Ponoka district.

CARD OF THANKS

Kindly permit me to express to thank those who showed me such kind consideration in the accident which happened Saturday week, through which I lost by death my fellow-workman, Mr. J. Bernard.

G. GOODMAN.

Those marked * missed two or more examinations.

I. F. MacLean, Teacher.

London, Feb. 6. — While swimming in the sea at Corgie, a well known seaside resort near Sydney, Australia, Michael Ogilvie, aged 18 years, was attacked by a shark and both arms were almost severed. A doctor's dispatch from Sydney, Australia, returned today, said that Ogilvie, although badly hurt by a shark, was not seriously injured. The dispatch considered to be on the whole. While many new cases are reported daily, most of them are diagnosed as mild form of pneumonia, of which only a small percentage is serious.

M. M. Mecklenburg, eye specialist, will be at the Royal Hotel Ponoka, on Saturday, February 11. He is leaving for the Peace River country, and will be away about three weeks.

ESTRAY

On Section 41-27, W. 1, Bay Mare, three years old, white step on face, 3 white feet, about 900 lbs. No brand. NAK DORAN, Pound Keeper, Chertseywell, District 420.

LACOMBE ALBERTA

Quality maintains economy. No matter how much you pay "per gallon" for other lubricating oils you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oil.

Imperial Polarine Motor Oils save many thousands of dollars every year for Canadian motorists because of reduced operating expenses.

Imperial Polarine Motor Oils cut down repair and maintenance costs, reduce fuel bills and insure you for all time against excessive depreciation and repair expenses. Imperial Polarine quality maintains economy all along the line.

Judged by quality—gauged by actual miles of perfect lubrication each gallon will give, and by real motoring satisfaction, Imperial Polarine is the least expensive motor lubricant that you can obtain. The more carefully you check up costs, the more thoroughly convinced you will be of the advantages of using Imperial Polarine Motor Oil exclusively.

Standardize on the correct grade of Imperial Polarine Motor Oils. Consult our Chart of Recommendations at your dealer's or write to 56 Church Street, Toronto, for our interesting booklet, "Automotive Lubrication."

IMPERIAL OIL LIMITED
Branches in all Cities

For a Clean, Efficient Motor

WE GIVE IMPERIAL Polarine CRANK-CASE SERVICE

Clean out your crank-case every thousand miles or less. Imperial Oil dealers displaying the sign shown on the right, will flush your crank-case with Imperial Polarine Oil, a special 1-1 prepared cleaning agent for crank-case cleaning purposes. You save money in longer life and more efficient service from your motor by using this service.

Provincial News

A fine example of the spirit of thoughtfulness and sympathy with fellow beings in time of need, which is the characteristic of western people, is found in the action of the people of the districts of Lacombe and Ponoka who recently shipped two carloads of clothing and supplies to families in the drought areas of Southern Alberta. The people of Lacombe district shipped a carload of potatoes and flour, Christmas dinners for 20 families and 2,000 pounds of beef, all to the Sutherland district, which was distressed among nearly 200 families. They also donated a shipment of cats, which were sold and the proceeds turned over to the Department of Agriculture for purchase of catfish for distribution. The Ponoka district shipped a carload of clothing, flour, beef and vegetables and other supplies to Sutherland for distribution among nearly 200 families of that district. The department of Agriculture provided free transportation for these supplies and will do the same in connection with any other donations which may be made by other districts.

A new feature has been added to the mixed farming special train now touring the province. The Public Health Department of the government has sent Miss Emerson, child welfare nurse of the department, to join the staff of lecturers on the train. Miss Emerson took up her duties on the train at Carleton Place and will continue with the train to the end of the tour. She will give lectures on child welfare work and will also examine any children presented to her with respect to general physical condition. She will be prepared to discuss any matter of health which may be suggested by the audience on the train.

Hon. J. H. Boyle, Attorney General of the province in the former Stinson administration, has been selected as leader of the Liberal Opposition in the legislature for the present session only. The Opposition members made this selection at a meeting last Thursday morning prior to the opening of the house.

No undue alarm need be felt by the people of the province regarding the reported development of an epidemic of influenza in Eastern Canada, states Dr. LeVidale, Deputy Minister of Health for the province. So far only one case of influenza has been reported in Alberta and there is no indication that the disease will develop in the state of the epidemic of a few years ago or that it will prove nearly as fatal. At the same time, Dr. LeVidale issues a general warning to the people to stay away from crowds as much as possible, since this infection is direct from person to person by coughing or sneezing.

Water Glen

K. K. Haggland, who attended the Baptist convention in Vancouver, and visited friends in different parts of the United States, returned home on Monday.

Mr. and Mrs. O. W. Johnson entertained a handful of friends Saturday evening last.

Chas. E. Nickelson and Chas. A. Johnson returned from their trip to Edmonton Friday last. Mrs. Nickelson, her family and Evelyn Johnson spent Sunday at the home of Peter Ahlers. Everyone is glad to hear that Lydia is convalescing nicely.

Miss Nellie Balch, teacher of the Grouse school, spent the week end at her parent's home in the Glen.

Paul Dufay spent Sunday afternoon with Nanna Vold at Axtar. Mr. Vold has been engaged to marry Emily's sister, which will be held on Monday, Feb. 20th.

T. Burdett has rented his farm to E. E. Gustavson. Tom expects to leave for Oregon in the near future. We are sorry to see him leave our midst, although only for a short time.

CORRECTED NOTICE

Public Notice is hereby given that there has been introduced in the Council of the Municipal District of Ponoka Valley No. 429, a by-law, of which the following is a short synopsis:

A BY-LAW FOR THE REGULATION OF ANIMALS AT LARGE, for the whole year in the following areas:
